

# What are my options if I already have a personal Dropbox account?

If you have a personal Dropbox account using a personal email address not associated with a University @uncsa.edu email address, nothing will happen when you set up your UNCSA Dropbox for Education account. You may decide to connect your personal account to your UNCSA Dropbox for Education account if you choose.

If you have a personal Dropbox account associated with a University @uncsa.edu email address, we recommend you change it to a non @uncsa.edu email address. If you do not change your personal email address prior to setting up a UNCSA Dropbox for Education account, follow this [guide](#).
