

How do I set up my UNCSA Dropbox for Education account?

If there are licenses available, you will receive an e-mail inviting you to join the UNCSA Dropbox team. If you have not been issued an account and require one, please reach out to Help Desk.

1. Select the **Join Your Team** button in the email to begin setting up your UNCSA Dropbox for Education account.
2. You will be prompted to create a password. Once you create this password, it does not change. It will not expire or update with your @uncsa.edu account.
3. Once you have created your password, Dropbox will take you to your Home folder on the cloud.
4. You may now begin using Dropbox!
